< Important Note for Reservation >

① The Ministry of Justice plans to regularly check the internet IP of reservation applicants.

- Please note that criminal penalties will be imposed for act of reserving too many slots by illegally using others' personal information.

② If you have paid health insurance premiums in arrears within the last 5 days through a utility bill payment machine or Internet Giro (www.giro.or.kr), be sure to bring the receipt.

③ Please make a reservation for the date before the expiry date of the period of stay or the statutory reporting period.

- If you visit after the expiry date of your stay or the statutory reporting period, a penalty (or fine) may be imposed.

- If there is no date available for reservation within the expiration date of the period of stay or within the statutory reporting period, please visit a jurisdictional immigration office before the reporting period ends.

④ Please note that applying for a visit reservation is merely an act of making an appointment to visit an immigration office for the date, and does not mean a 'receipt of your petition'.

☐ I have read and understood the information above.
